REQUEST FOR INSPECTION AND REPAIR ESTIMATE

Thank you for the opportunity to inspect your equipment. To request an estimate, complete this form in its entirety and send it to Enpro by email along with a Safety Data Sheet (SDS) for each fluid that has been in contact with the equipment. The Equipment must be drained of oil and thoroughly cleaned and properly decontaminated in accordance with industry standards prior to shipment. The customer agrees to be responsible for any damages resulting from their failure to provide an SDS or failure to clean and decontaminate the Equipment prior to shipment. Enpro may refuse to accept delivery of the equipment if it is not clean and decontaminated.

Upon receipt of the completed form, ENPRO will send you a Returned Materials Authorization (RMA) number. Display the RMA number prominently on the outside of the shipping container and securely tag the Equipment with the RMA number. Keep a copy of this form for your records.
